</thead>
<tbody>
<tr>
<td>Kathryn Bennett</td>
<td>Knowledge synthesis, translation and implementation in youth mental health</td>
</tr>
<tr>
<td>Terry Bennett</td>
<td>Development and mental health of children with ASD</td>
</tr>
<tr>
<td>Khrista Boylan</td>
<td>Classification, diagnosis and treatment of youth with emotional dysregulation (specific focus on girls)</td>
</tr>
<tr>
<td>Michael Boyle</td>
<td>Contextual influences on child health over the early life-course</td>
</tr>
<tr>
<td>John Cairney</td>
<td>Epidemiology of mental health and mental health service use.</td>
</tr>
<tr>
<td>Jennifer Couturier</td>
<td>The etiology and treatment of adolescents with eating disorders</td>
</tr>
<tr>
<td>Chuck Cunningham</td>
<td>Modeling children's mental health service delivery preferences</td>
</tr>
<tr>
<td>Eric Duku</td>
<td>Statistics, research methodology and measurement in healthy child development</td>
</tr>
<tr>
<td>Jim Dunn</td>
<td>Impact of housing &amp; neighbourhood interventions in healthy child development</td>
</tr>
</tbody>
</table>
Mark Ferro
Children with physical illness and mental disorder

Stelios Georgiades
Classification and life-course of children with autism

Kathy Georgiades
Mental health inequities

Andrea Gonzalez
Biological processes and early adversity

Geoffrey Hall
Neurodevelopmental disorders and psychopathology

Susan Jack
Community approaches to preventing family violence

Magdalena Janus
Social determinants of children’s health and transition to school

Ellen Lipman
Child psychiatric epidemiology; community-based intervention studies

Harriet MacMillan
Prevention of family violence

Alison Niccols
Infant/child development; parent-child interaction

Roberto Sassi
Neurobiological mechanisms of mood disorders

Louis Schmidt
Socio-emotional development; developmental psychophysiology
Noam Soreni
Cognition and neurobiology of pediatric obsessive-compulsive disorder

Ryan Van Lieshout
Prenatal programming of mental disorders, parental psychopathology effects

Marc Woodbury-Smith
Diagnosis and management of autism spectrum disorders and disorders of intellectual development in children and adults.
